LIPS SCRUB
Natural plumper
Natural Booster effect

Format 30 ml
Cod. 1030020093

Natural sugar scrub for the lips, allows an effective and delicate exfoliation. Removes dead cells and cuticles, moisturizes, nourishes and gives soft and velvety lips with instant plumping effect.

SUGAR: Natural exfoliant, rich in glycolic acid, promotes rapid cellular turnover. Gives brightness and firmness to the lips, giving it a healthy and youthful appearance. Excellent carrier, it allows the active ingredients to penetrate more easily. It carries out an important moisturizing action, capturing and retaining water molecules, and at the same time an antiseptic action protecting the lips from external aggressions.

JOJOBA OIL: It has important emollient, moisturizing and protective properties for the skin's pH. Particularly similar to it, rich in vitamins, minerals, iodine, tocopherol and other natural antioxidant substances, it prevents dehydration, reducing the loss of water from the cells. It strengthens the hydro-lipid film, protects, revitalizes and elasticizes the skin, preventing its normal aging and giving it smoothness, tone and brightness. Particularly suitable in case of cracked, withered and senescent skin, it restores tone and elasticity to the tissues with visible results already from the first applications.

VITAMIN E / TOCOPHEROL: It carries out an important antioxidant action capable of blocking the harmful effect that free radicals exert on the cells. It protects the structure of collagen and preserves skin elasticity, thus counteracting premature aging due to the oxidative stress of sunlight, pollution and smoke. In this way the skin remains toned and elastic, avoiding the appearance of wrinkles, the emptying of tissues and the loss of definition of the lip contour.

DIRECTIONS FOR USE:
Use once / twice a week. For a correct beauty routine, we recommend using the Lips Plump product from the SkinSystem dermocosmetic line.
