SHEA BUTTER
Particularly rich in vitamins, it carries out nourishing, protective and antioxidant actions. At the same time it creates a protective film protecting the lips from external aggressions, cold and dehydration, leaving them soft.

SWEET ALMOND OIL
Pure sweet almond oil, cold extracted has an important emollient, regenerating and antioxidant action, preventing epidermal dehydration and counteracting any form of flaking.

COCONUT OIL
Coconut oil: Rich in antioxidant vitamins and essential fatty acids, it has a nourishing and softening action on the lips; at the same time it protects and naturally strengthens the lips, protecting them from external aggressions.

OLIVE OIL
Organic extra virgin olive oil: concentrate of vitamins, fats and acids for the skin, it promotes the restoration of the hydrolipidic film that covers our lips, while vitamin E promotes cell renewal by fighting free radicals. Furthermore, vitamin A stimulates tissue repair and cell regeneration. The skin regains its elasticity and its softness in a short time, protecting them from further atmospheric aggression.

ALOE
Aloe extract: it has soothing and moisturizing properties, and at the same time performs a repairing action on cracks.

ROSEHIP
Rich in vitamin A, C, bioflavoinoids and pectins, it has a soothing and toning action on dry and damaged skin. Thanks to the content of carotenoids and antioxidants, it helps prevent skin aging and regenerate tissues damaged by external aggressions.

TOCOPHEROL
It carries out an important antioxidant action capable of blocking the harmful effect of free radicals. It protects the structure of the dermis, preserves its skin elasticity, thus counteracting premature aging due to the oxidative stress of sunlight, pollution and smoke.

DIRECTIONS FOR USE:
Lip Scrub: massage on lips 1/2 times a week. Rinse the residues. Not edible.
Lip Balm: use on lips every day. Not edible.
